# A WARMER, MORE SECURE AND ATTRACTIVE HOME.

Whether you're looking to transform the front of your home, or the gateway to your garden, we have the windows and doors for you. Add some sophisticated charm to traditional properties with woodgrain French doors and colour matching casements. For a more modern look choose a contemporary shade and sleek modern profile to achieve your perfect look.

Crafted from the very latest in uPVC, our range is low in maintenance, high in security and can be fully recycled at the end of its life cycle, ensuring your investing in a longstanding and durable purchase, whilst being a sustainable choice.

We offer a wide range of energy-efficient windows that are colourfast, long-lasting and require very minimal upkeep. No painting or staining is required, simply wipe clean and your windows and doors will stay in optimum condition.

The best insulating materials are used in the manufacture of our windows and doors making sure that your home will benefit from the inherent energy efficiency.

RANGE

Sculptured frame

# Curvaceous & CONTEMPORARY

## CHOOSE THE FRAME THAT'S RIGHT FOR YOU

The Lifestyle Range of windows and doors is available in a choice of bevelled or sculptured frames.

With a choice of a bevelled frame with angular, clean lines or sculptured to achieve a softer, more rounded, ornate style, you can choose the perfect style to suit your property.

Both offer different aesthetics but the same superb security features, energy efficiency and range of finishes and colours.

Bevelled frame

### Enjoy the benefits...

Our Lifestyle Range offers the perfect balance of aesthetically-pleasing frames with the modern benefits you'd expect from uPVC. Designed to keep you safe and warm, you can find your perfect finish thanks to the range of colours available.

- 

All of our products are virtually-maintenance free, and don't require time-consuming sanding or painting.
- 

The multi-chambered construction of our windows gives added strength and improved thermal efficiency.
- 

Fully-integrated, slimline weather sealing maximises the glazed area while eliminating draughts for a warmer home.
- 

Internally glazed to prevent the glazing bead from being removed outside - offering greater security.
- 

With a wide range of colours, you can choose a frame style and colour to match your windows and doors perfectly.
- 

A more energy efficient home - our windows and doors achieve up to A++ WER (Window Energy Rating).

This colour panel is printed as a close match to the frame colour option of: Chartwell Green.

Homeowner chose Golden Oak for the inside and outside to complete this stunning look.

# STAMP YOUR STYLE with a splash of colour

Our colour collection has been specially designed to help you put together the perfect colour palette for your home.

Every home is different, and our beautiful range of colours takes inspiration direct from nature to harmonise perfectly with your home and its surroundings, ensuring it stays looking good for years to come.

Whether you opt for a classic White, or a more modern aesthetic with a statement such as Chartwell Green, you can make your home as unique as you. You can even match your interior design scheme, with a different colour applied on the inside to the outside.

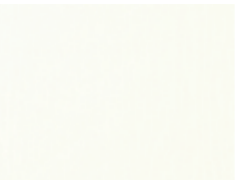

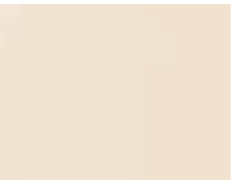

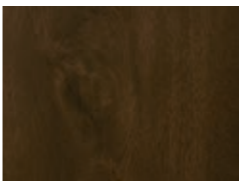

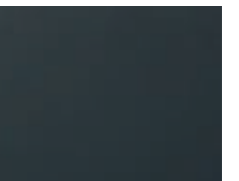

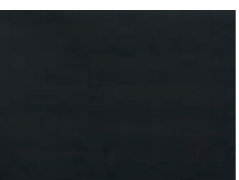

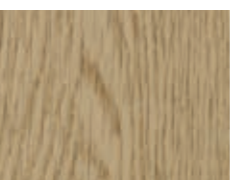

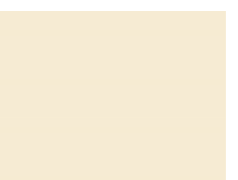

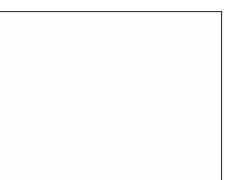

This colour panel is printed as a close match to the colour option of: Classic Cream.

## Choose your colour...

You have a fantastic selection of colours and finishes to choose from, with the option of a foil colour on the outside and white uPVC on the inside or matching foils to suit your decor.

**Please note.** Colours shown are for guidance only and this printed brochure should not be relied upon for exact colour matching purposes. RAL reference numbers represent the nearest colours and are not exact matches. Please request a swatch book for exact colour matching.

## CASEMENT WINDOWS

*Add a classic touch...*

White astragal bar window.

With their radiant looks, versatility and impressive thermal and security performance, it's easy to see why casement windows are the go-to style for British homeowners.

Hinged at the top or side, casement windows add light and brightness to every kind of home, from contemporary builds to older houses. It's the versatility of casement windows that make them so popular, as a result of the sheer number of combinations of fixed and opening frames available. Simply choose what best suits you, how you use your rooms and the style of your house.

Casement windows are also available in a French style. This option is often favoured by building control when fire escape is a concern.

### FRENCH WINDOWS OPTION

As with French doors, the vertical centre piece of the window is not fixed and fully opens up for uninterrupted views.

Classic Cream sculptured windows with astragal bars give this home the perfect traditional look.

Casements are a popular choice for UK households, you can choose a style and colour to create that perfect look for your home.

Please note: hardware such as handles, glass and colour combinations shown are for visual purposes only. These may not be available for your installation, check pages 20-23 for the hardware we will supply.

# BAYS AND BOWS

Golden Oak bay window completes this beautiful home.

Sculptured frame bay windows with astragal bar.

## DISTINCTIVE AND beautiful

Bays and Bows add a prestigious touch to any home.

While bay windows allow for a larger internal space, bow windows can certainly create the illusion. Both styles allow natural light to flood in making the room feel brighter and more spacious.

Bay windows give a classic appearance and create greater space, looking elegant inside and out. With numerous opening casement window options, ventilation can be easily controlled by opening them individually.

As it extends outwards, the bow window gives the illusion of space and can completely transform the look of your property. Bow windows can also be tailored to suit your needs, giving you the option to choose which panes should remain fixed, and which can allow for opening.

White bevelled frame with astragal bar to create a classic bay.

## FRENCH DOORS

*Enjoy the outdoors*

For the ultimate in sophistication, centre-opening uPVC French doors give your home a chic and classic appearance, offering simple sightlines in an elegant form.

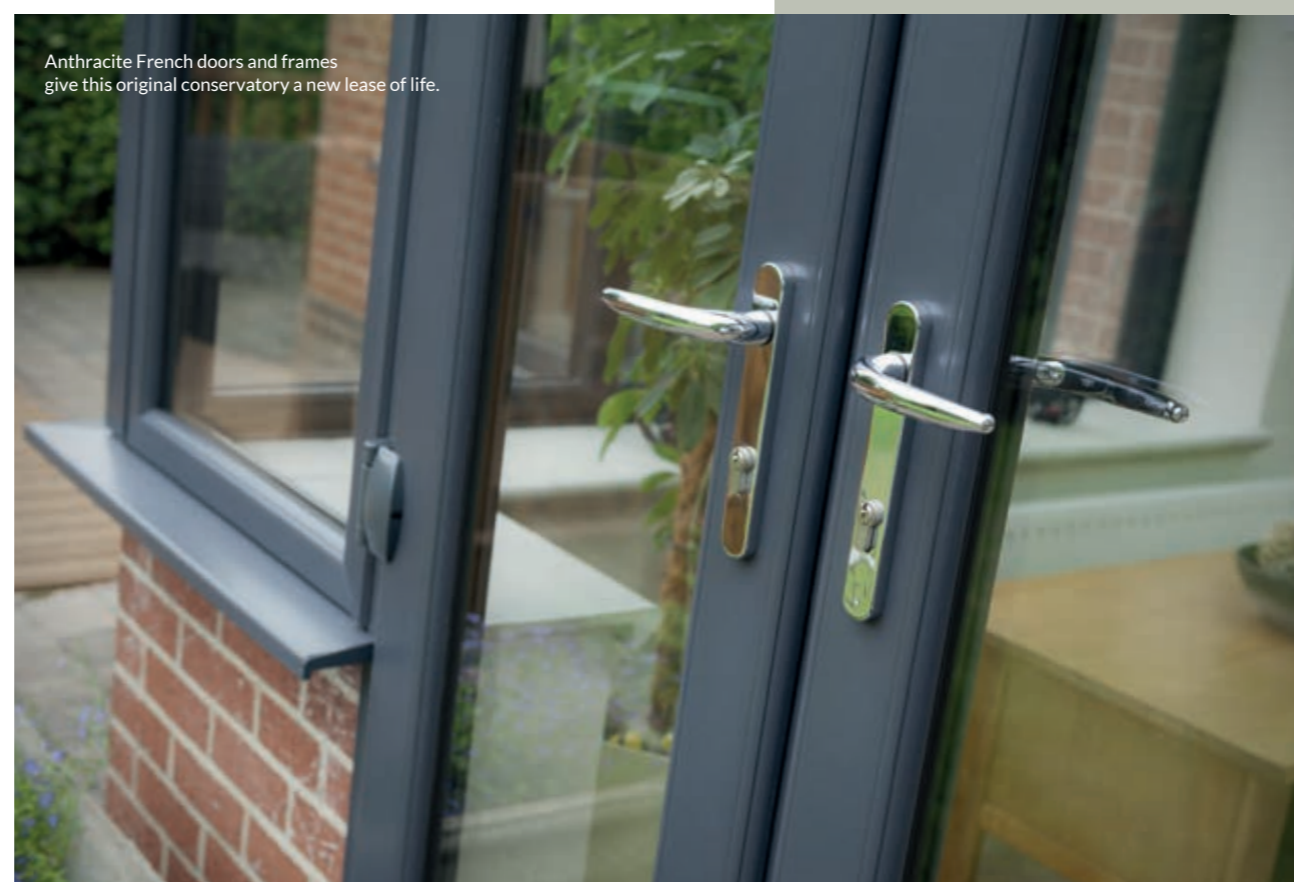

French doors are available in single or double styles, and can be specified with sidelight and fanlight combinations. With the choice of a bevelled or sculptured frame to suit your style aspirations, and double or triple-glazed for exceptional thermal performance, our French doors are also available in a low threshold option for disability access.

Fitted with all the latest security features, French doors are as secure as they are weatherproof and make a practical pathway from your home into your garden.

  
**LIFESTYLE**  
RANGE

Sculptured frames in classic cream on both sides of the French doors and casements on this renovated home.

Anthracite French doors and frames give this original conservatory a new lease of life.

This colour panel is printed as a close match to the colour option of: Agate Grey

# ENTRANCE DOORS

## Revamp YOUR RESIDENCE

Ideal for use as either an exterior or vestibule door, the Lifestyle Range of entrance doors are a dynamic and budget-friendly addition to your home.

With a fantastic range of composite and uPVC to choose from, you can tailor your door to suit your design aspirations. From edgy contemporary through to charmingly traditional styles, you can also pick from a range of glass designs and colours to make your dream door a reality.

Whether you're looking to update the entrance to your home, gain easy access into your garden or conservatory, or lead onto a balcony, you have the option to choose inward or outward opening, to suit the space perfectly.

The range is virtually maintenance-free and incorporates advanced security features. Design the perfect entrance for your home.

### STYLES TO SUIT YOU AND YOUR HOME

The Lifestyle Range offers an almost endless choice of door designs to complement contemporary properties or more traditional style homes.

- Information on the full range of door design options is available on request.

### DID YOU KNOW?

Our entrance doors only need the occasional wipe down with warm, soapy water and a lint-free cloth to keep them looking pristine.

This colour panel is printed as a close match to the colour option of: **Black Ash.**

With Golden Oak sculptured frames and a number of casement style options this homeowner created a beautiful traditional look for their home.

Hinges on your manufactured doors will vary from those shown on this page.

# GLAZING OPTIONS

The Lifestyle Range of windows and doors are available in a choice of glazing options and glass types, including decorative, textured and privacy options.

All of our windows are designed to keep you warm, and can be designed to achieve a WERA rating with a double

glazed unit and standard outer frame. For even greater thermal efficiency and a reduction in costly heating bills, choose our triple glazed option.

- Information on the range of decorative glazing options is available on request.

## TEXTURE GLASS

Pilkington Texture Glass offers privacy and style throughout the home.

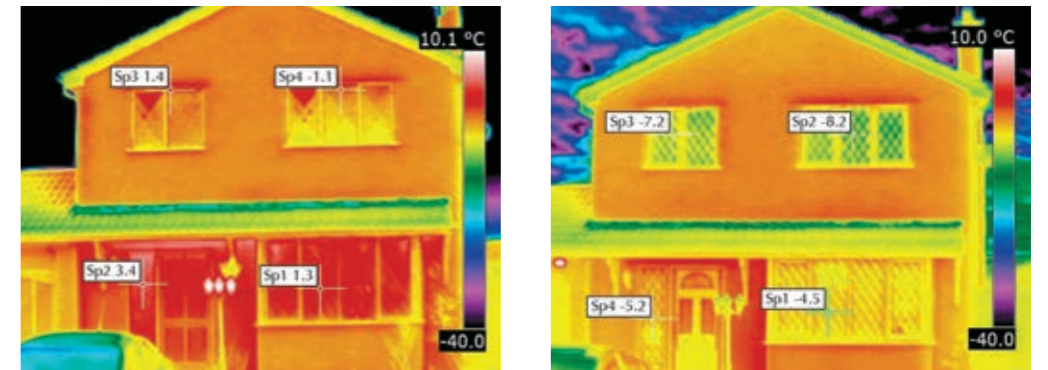

Privacy levels: Five levels of privacy are available, graded from 1 (least obscuration) to 5 (greatest obscuration).

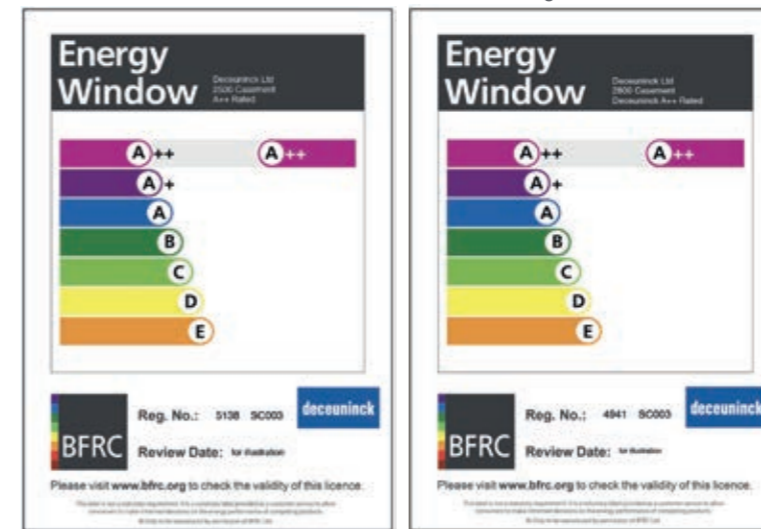

# HEATING YOUR HOME

## SAVING ENERGY, MONEY AND THE ENVIRONMENT

The option to specify triple glazed units offers you even greater energy efficiency and can help save you money on your heating bills.

BEFORE and AFTER: The above thermal images clearly demonstrate the advantages of installing new energy efficient windows. The heat loss temperature of the living room window is 1.3°C before and -4.5°C after the new windows were fitted - a significant reduction.

Most people are familiar with the rainbow 'energy label' on white goods such as fridges and washing machines. These also apply to windows and doors. A window energy rating of A+ or above is considered to be the best in class for energy efficiency. This equates to A\* with the Thermal Rating Register or A+ with BFRC.

This colour panel is printed as a close match to the frame colour option of: Classic Cream

Please note: hardware such as handles, glass and colour combinations shown are for visual purposes only. These may not be available for your installation, check pages 20-24 for the hardware we will supply.

# THE *perfect* COMPLEMENT

Your windows are only as good as the hardware and fittings supplied with them, which is why we only work with leading suppliers, to guarantee a long lasting product that performs while looking great throughout its lifetime.

Operated by an easy push-to-open button, our handles are as durable as they are appealing in nine great colour options.

White Black Graphite Bright Chrome Satin Chrome Bright Bronze Gold Anthracite Grey Antique Black

# SAFE AND SECURE

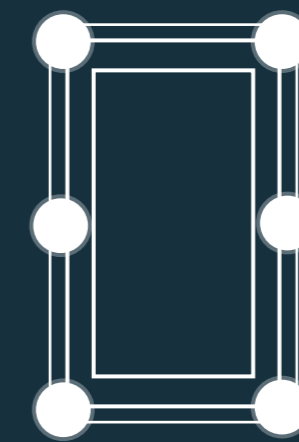

## HIGH SECURITY

21st century living requires reassuring security features. Our windows feature one of the most advanced shootbolt locking mechanisms on the market today. Built to exceed stringent PAS24 requirements. With a range of 4-6 locking points and a night-vent position to secure your home against forced entry.

## ADDITIONAL SECURITY

Hinge Protectors provide extra security, and if forced, the hinges have more protection. The shootbolt is complemented with bi-parting mushroom cams which lock the centre of the window, and resist attempts to jemmy it open.

## MULTI-POINT PROTECTION

Multiple locking points along the frame enhance security by engaging at least three locking points simultaneously, providing increased resistance against forced entry attempts and ensuring enhanced safety for your home.

This colour panel is printed as a close match to the frame colour option of: **Anthracite Smooth**.

## SAFE AS HOUSES

Rest assured that every style of door in the Lifestyle Range is as secure as it is aesthetic, with the entire range fitted with the coveted Ultion Cylinder as standard, and integrated hardware and components carefully designed to keep intruders out.

Rigorously tested, Ultion is the most secure cylinder available. In the event of forced entry, Ultion goes into 'lockdown' mode, activating an integral hidden lock to keep your home safe.

The Sweet range of hardware is used on our doors giving you added confidence that your door furniture is covered for the next two decades thanks to the manufacturer's 20-year corrosion and mechanical guarantee.

## COMPLETE PEACE OF MIND

Choosing the right doors can improve your home in a number of ways including the look and how you use the space. Our doors are equipped with leading security and lock mechanisms to give you peace of mind that your belongings and loved ones are safe at home.

  
**£5000**  
**GUARANTEE**  
 If an intruder snaps Ultion and breaks into your home, Ultion will pay you £5000.  
\*your lock must be registered

The Ultion 3 Star cylinder is fitted on our doors as standard. This gives you additional peace of mind as it is covered by the Ultion £5000 guarantee, payable in the unlikely event entry is gained by an intruder snapping the lock.

You must ensure your lock is registered to take advantage of this benefit.

## DOOR FURNITURE

Add the perfect finishing touches with your choice in handles, knockers and letterplates from the Sweet range of furniture. Gently curved with edgeless beauty, Sweet is available in a range of colour options, from warm metallics to cool metals. A 20 year mechanical guarantee and surface finish warranty gives you confidence for years to come.

## EASY ACCESS THRESHOLDS

For ease of use each door style is available with an easy-access threshold. Ideal for homes where mobility is a consideration and compliant with Part M - the Government's guidance on Access to and Use of Buildings - the low threshold option provides simple access for wheelchair users and people with mobility difficulties when used with ramps.
